Statement of commitment to child safety

Arthurs Creek Primary School is a child safe organisation which welcomes all children, young people and their families. We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex, queer, questioning and asexual (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

The Student Reference Group provides an opportunity for students to provide input into school strategies. Our principal and the child safety champion monitor the Child Safety Risk Register.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The [Child Safety Code of Conduct](#) also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a culturally safe environment

At Arthurs Creek Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Begin events and meetings with a Welcome to Country or an Acknowledgement of Country.
- Fly the Aboriginal and Torres Strait Islander flags on school grounds.
- Make Aboriginal and Torres Islander voice part of decision making in matters that affect learning and wellbeing.
- Build knowledge of Aboriginal and Torres Islander culture in school planning and curriculum.
- Develop a bank of resources that support the teaching and learning of Aboriginal and Torres Islander culture.
- Identify gaps in knowledge about Aboriginal and Torres Islander histories, cultures, perspectives, values, skills and attitudes in staff and actively provide professional learning to upskill staff.
- Ask for feedback from Aboriginal and Torres Islander students and their families about what the school does well and what can be improved.
- Use Banyule Nillumbik Schools Network Koorie Engagement Support Officers (KESOs) to provide advice to government schools about creating culturally inclusive learning environments.
- Use the Marrung Aboriginal Education Plan 2016–2026 to guide the school's support for Aboriginal self-determination.
- Express zero tolerance of racism in our Child Safety and Wellbeing Policy and other documents and actively address examples of racism.
- Take steps to acknowledge and mitigate racism and unconscious bias in school decision making.
- Recognise events and anniversaries that celebrate, promote and acknowledge the experiences of Aboriginal and Torres Strait Islanders, including

Student empowerment

To support child safety and wellbeing at Arthurs Creek Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through:

- implementing our whole school approach to Respectful Relationships
- developing and adhering to our Codes of Conduct
- displaying, teaching and upholding our school values
- using evidence-based approaches to promoting and maintaining positive student behaviour
- encouraging students to express and explore their interests alongside others through lunchtime clubs
- incorporating the strengths and preferences of each learner in the teaching and learning program
- incorporating student voice in special events at our school.

We inform students of their rights through these programs and approaches and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns via our school website or by visiting the office.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

The school will maintain an up-to-date child safety risk register that documents the physical and psychological safety of all students, including children who are vulnerable because of race, religion, culture, disability, gender, age or sexuality in detail. The register will contain specific strategies to mitigate and manage those risks. The register will be reviewed at all school council and staff meetings and after any incident involving significant risk to child safety. Incidents that lead to a review will be documented.

To promote a culture of personal safety for all students, Arthurs Creek Primary School enact the following measures:

To manage risk posed by physical spaces, Arthurs Creek Primary School enact the following measures:

- Consider the layout and nature of physical spaces including onsite buildings and grounds, classrooms, corridors, and pick-up and drop off areas.
- Consider off-site physical environments for student use and where reasonably possible, inspect these sites and venues for events, excursions and camps ahead of time or liaise with providers to ensure venues are inspected.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy can be found at [the school's website](#).

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers must follow our Child Safety Responding and Reporting Obligations Policy and Procedures, which can be viewed on [the school's website](#).
